DRIVING ACCESS TO CARE

The UCHC Mobile Medical Clinic, part of a fleet of state-of-the-art, health and dental services, providing access to comprehensive, high-quality, affordable health and oral care, is coming to your neighborhood!

Access to quality health care is a major determinant of overall health and wellness, impacting life expectancy, employment and family dynamics.

Our goal is to improve health outcomes for Bronx residents through neighborhood targeted direct services and health education.

The UCHC Mobile Medical Clinic offers:

- Primary health care services
- Preventive Health Services: Immunizations and more
- Chronic Disease management
- Reproductive and Sexual Health Services
- Behavioral Health Care
- Specialty Care: Rheumatology, Psychiatry, Gastroenterology, Podiatry and Cardiology

Making the time for your health care has never been easier.
